

Dear Colleague,

We would like to extend a personal invitation for you to attend the **RM Strategic 21st Century Math Seminar** at a location near you. Learn how to exceed the guidelines and principles for ARRA Stimulus Funds with curriculum that will raise academic achievement through enriched learning strategies.

The RM Strategic 21st Century Math Seminars will showcase three award-winning programs, RM Math Framework™, RM Easiteach®, Singin' and Signin', and other resources that will transform your math classroom and engage students.

Enhance your math program using the latest 21st century math solutions. Learn how these solutions can be used to engage and motivate your students resulting in higher test scores.

Please visit www.rmeducation.com/news/seminars for more information and to register for a seminar.

Featured Solutions Include:

RM Easiteach K-12

RM Easiteach provides a wide range of K-12 cross-curricular and subject-specific tools, including math, that support interactive whole-class teaching. Learn how RM Easiteach can be used to create and deliver compelling and highly visual instructional materials for your math classroom. See how RM Easiteach works seamlessly with your interactive whiteboards, student response systems (clickers) and wireless slates.

Audience: Curriculum Directors, Math Chairs, Math Directors, Title I Directors, Special Education Directors, Technology Directors, and Principals
Grade Focus: K-12, Math, Title I, and Special Education

RM Math Framework 6-12

RM Math Framework is a supportive digital curriculum designed to motivate and inspire your students. It includes 4,000+ activities aligned to state standards using interactive technologies to help you deliver math concepts difficult to visualize. RM Math Framework means you never have to create lessons from scratch again! Through partnerships with award-winning **Geometer's Sketchpad®** and dynamic modeling, simulation and visualization software, **Wolfram's Mathematica®**, as well as lessons designed in RM Easiteach, RM Math Framework presents different styles of content to engage all learners.

RM Math Framework includes:

- » 450 Activities for each NCTM Strand
- » A rich variety of content to engage all learning styles
- » Lessons for grades 6, 7, 8, High School, Algebra I & II, Geometry, Pre-Calculus, and Calculus

"Students today learn in totally different ways, and we needed a program that would reach out to them and involve them. RM Math Framework does just that. In fact, taste is probably the only sense that they aren't using when they're interacting with this program."

- Rob Rouleau, Middle School Principal,
Narragansett Regional School District, Baldwinville, MA

"Test items on which 6th grade students scored above the State average almost doubled."

- Bill Miganowicz, Teacher, Narragansett Regional School District, Baldwinville MA

Audience: Curriculum Directors, Math Chairs, Math Directors, Title I Directors, Special Education Directors, Technology Directors, and Principals
Grade Focus: 6-12, Math, Title I, and Special Education

Singin' and Signin' 4-6

Winner of the
"2009 Classroom of the Future" Award

This revolutionary supplemental math program, presented in two volumes, is designed for intermediate grade classrooms. Through easily recalled childhood songs and chants, the program teaches complex concepts using accompanying signs and gestures that easily adapt to any curriculum. You've never seen anything like this program. Singin' & Signin' is so catchy, you'll find yourself singing the tunes long after the lesson is over!

Singin' & Signin' is:

- » Designed to address all learning styles
- » Maximizes student engagement and participation
- » Drastically reduces teacher preparation time
- » Proven to raise standardized test scores! The Singin' & Signin' program has four years of outcome data, all in a Title I School!

Audience: Curriculum Directors, Math Chairs, Math Directors, Title I Directors, Special Education Directors, Technology Directors, and Principals
Grade Focus: 4-6, Title I, and Special Education

Math Seminar Schedule

8:00am - 8:30am	Registration and Coffee
8:30am - 9:15am	Math in the 21st Century: a contextual session highlighting good practice and strategies for change management
9:30am - 10:30am	<p>K-6 21st Century Math Classroom</p> <p>RM Easiteach Singin' & Signin' RM Bee-Bot RM Pro-Bot RM Dancemat</p> <p>This session will share 21st century technology that will engage and motivate students in mathematics. We will present RM Education software and hardware designed for embracing technological advances in the learning of mathematics in the K-6 environment. You will learn how teachers can create an engaging, student-centered, technology-rich learning environment. You will witness and experience the preparation of a live lesson using RM Easiteach, Singin' & Signin', the hugely popular RM Dancemat, and kid-friendly floor robots. Learn how RM Education can help your teachers encourage student discussion, resulting in greater student accountability, while fostering lifelong learners of mathematics.</p>
10:45am - 11:45am	<p>Grades 6-12 Mathematics</p> <p>RM Math Framework RM Math Player RM Easiteach - Math</p> <p>This session will focus on RM Education's premier software, RM Math Framework, a comprehensive digital mathematics curriculum for students in grades 6 through 12. RM Math Framework is a digital curriculum designed to motivate and inspire your students. It includes more than 4,000 lessons, activities, and presentations correlated to NCTM and state standards using interactive technologies such as RM Easiteach, Wolfram Mathematica® and Geometer's Sketchpad®. RM Math Framework encourages teachers to focus on delivering interactive and engaging pre-prepared lessons, activities, and presentations and help students focus on decision-making, reflection, reasoning, and problem solving.</p>

3 ways to register for one of RM's **FREE** Math Seminars:

Call 1-866-728-6758 to talk to an RM Representative, Online at www.rmeducation.com/news/seminars or
Please fax the form back to us at 1-877-861-0770
